## Repair Charges (Jan 2025)

When I assess an instrument I decide whether a minor or specific repair is all that is required, or whether the instrument needs more extensive work such as a service, overhaul, or repad (prices for these larger repairs are shown below). I charge £21 to assess an instrument (£42 for Soprano & Baritone Saxophones and Bassoons) although these charges will be dropped if I carry out a repair. Please remember instruments usually need to be brought in the day before I am due to work on them and they cannot be collected until the day after they have been repaired to allow for testing – so usually 2 days need to be added to the time estimate.
